> According to my reporting, the week of April 13th, the DynCorp regional commander from Konduz, Flint Chambers, allowed his men to hire a 15-year-old boy dancer to do tribal dances at a DynCorp party on the training site. Some 15 or so DynCorp employees in attendance pulled out a single chair and had the boy do mock lap dances. This was captured on video. The video shows DynCorp employees putting dollar bills in the boy's waistband, just as they would a stripper's garter. The revelry lasted about 45 minutes.

At HQME

Within the first weeks of his presidency a theory emerged among Trump's friends that he was not acting presidential, or, really, in any way taking into account his new status or restraining his behavior—from early morning tweets, to his refusal to follow scripted remarks, to his self-pitying calls to friends, details of which were already making it into the press—because he hadn't taken the leap that others before him had taken. Most presidents arrived in the White House from more or less ordinary political life, and could not help but be awed and reminded of their transformed circumstances by their sudden elevation to a mansion with palacelike servants and security, a plane at constant readiness, and downstairs a retinue of courtiers and advisers. But this would not have been that different from Trump's former life in Trump Tower, which was more commodious and to his taste than the White House, with servants, security,

The Jarvanka side of the White House increasingly felt that rumors leaked by Bannon and his allies were undermining them. Jared and Ivanka, ever eager to enhance their status as the adults in the room, felt personally wounded by these backdoor attacks. Kushner, in fact, now believed Bannon would do anything to destroy them. This was personal. After months of defending Bannon against liberal media innuendo, Kushner had concluded that Bannon was an anti-Semite. That was the bottom-line issue. This was a complicated and frustrating business—and quite hard to communicate to his father-in-law—because one of Bannon's accusations against Kushner, the administration's point person on the Middle East, was that he was not nearly tough enough in his defense of Israel.

After the election, the Fox News anchor Tucker Carlson with sly jocularity privately pointed out to the president that by offhandedly giving the Israel

Nope. And here is why I think whoever leaked it thinks it full of shit. They edited some of the chapter headings in their leak:

Chapter 6 At HQME
Chapter 10 GQLDMAN

Like I said, many here wont understand the significance of changing Os to Qs but it points at something very specific. Now, it could also be the case that it actually wasnt Wikileaks that leaked this. I could also see that as a possibility.

Btw, if anyone figures it out about the Qs and I dont think I can make it any more explicit. I will say that I think those people are about as wacky as the Trump Haters here.
