Within the first weeks of his presidency a theory emerged among Trump's friends that he was not acting presidential, or, really, in any way taking into account his new status or restraining his behavior—from early morning tweets, to his refusal to follow scripted remarks, to his self-pitying calls to friends, details of which were already making it into the press—because he hadn't taken the leap that others before him had taken. Most presidents arrived in the White House from more or less ordinary political life, and could not help but be awed and reminded of their transformed circumstances by their sudden elevation to a mansion with palacelike servants and security, a plane at constant readiness, and downstairs a retinue of courtiers and advisers. But this would not have been that different from Trump's former life in Trump Tower, which was more commodious and to his taste than the White House, with servants, security,

The Jarvanka side of the White House increasingly felt that rumors leaked by Bannon and his allies were undermining them. Nope. And here is why I think whoever leaked it thinks it full of shit. They edited some of the chapter headings in their leak:
Chapter 6 At HQME
Chapter 10 GQLDMAN
Like I said, many here wont understand the significance of changing Os to Qs but it points at something very specific. Now, it could also be the case that it actually wasnt Wikileaks that leaked this. I could also see that as a possibility.
